Newspapers Monitoring Report at a glance

Media reality in Bangladesh

Human Rights Watch in its World Report 2021 alleged that the Bangladesh government used the COVID-19 pandemic as a pretext to censor free speech and crackdown on critics. The report said, 'The authorities arrested journalists, artists, students, doctors, political opposition members, and activists, who spoke out against the government's response to the pandemic, or otherwise criticised the ruling party'.

According to the report, Health workers reported insufficient personal protective equipment and alleged corruption in access to critical services. The government responded by silencing healthcare workers, censoring media, arresting those who spoke out, and increasing surveillance to crackdown on COVID-19 'rumours. Arrests under the abusive Digital Security Act increased dramatically and police even arrested a child for 'defaming' the prime minister in a Facebook post.

Geneva-based Press Emblem Campaign (PEC) said, 'A total of 41 journalists and media workers died of COVID-19 in Bangladesh'.

Newspapers Monitoring

As a part of our assignment of Bangladesh Health Watch, we have monitored six newspapers; these are *Prothom Alo, Kalerkantho, Samkal, Daily Star, New Age and Bangla Tribune*.

Prothom Alo, Kalerkantho, Samkal are national Bangla daily newspapers; Daily Star, New Age are national English daily newspapers, all five have print and online versions. There are three presentations of their online versions, i) real time updates ii) online daily newspaper and iii) e-newspaper- a newspaper as printed one. Along with their bangla online version, Prothom Alo, Kalerkantho, Samakal have English online versions also. English daily Daily Star has bangla version also. Bangla Tribune is an online newspaper, which has two presentations- real time updates and daily newspaper. Credibility and readerships are major concerns in selecting newspapers for this monitoring.

Findings

All published items in six newspapers have been divided into two broad categories, A) issues related to Coronavirus and B) other health issues. We have identified 26 broad issues with 136 sub issues within issues related to Coronavirus and 24 issues within other health issues category with 28 sub issues. Published items have compelled us to redesign the list of issues in this month.

Newspaper Coverage Scenario of Health Issues

- Coverage of Newspapers in January 2021 were mostly focused on Coronavirus vaccine including procurement, cost of procurement, transportation and vaccination along plan an implementation. The study found 65 sub issues under vaccine related coverage of six newspapers. Still coronavirus is the predominant issue in Newspapers coverage.

- As earlier, Prothom Alo was the coverage leader in January 2021. This newspaper presented health issues in different formats- text and video both. In their regular health related coverage has daily report, special report, articles, interviews of experts, health tips, prescription and guidelines. Video presentations were live online discussion in detail on a specific issue. They have three objectives such as raising issue for policy level discussion, awareness building and to guide people on how to handle that issue.
- Different experts' detail opinions on proper implementation of vaccination plan and encourage the people to participate in vaccination by avoiding any rumour related to this.
- Along with other issues related to Coronavirus, Reopening education institutions, stimulus package for non-RMG sector and educational institutions, facilities for returnees, status of frontliners compensation (where Govt. has changed earlier decision), status of testing (less testing), SDG & Corona pandemic, graduation from LDC, human rights situation during pandemic including violence against women and TIB health related corruption index were highlighted in newspaper coverages.
- Health related government actions and impacts of those actions were presented in a Prime Minister speech. Prime Minister's has claimed that status of health services and facilities are better now and the people are getting benefits of those actions.

Summary Observations

- **Vaccine and Vaccination Management**

Reports were available in all six newspapers mostly issues like as Vaccination in Bangladesh kicked off, Availability of Single Source Vaccine, Suggestion for exploring multiple sources for vaccine, Govt. plan for step by step free vaccination for all, Extra cost for vaccine compare to India, Encourage people to participate in vaccination, Registration Apps and less registration for vaccine and **Syringes** procurement from local source

- **Covid Testing**

Govt approves first locally developed kit and Bangladesh approves GK Covid-19 antibody kit trial

- **Front liners**

According to a study report, about 21 percent of physicians and 6 percent of associate health workers suffer from mental anxiety. Frontliners are still in uncertain situation related to getting compensation for frontliners.

- **Education**

Reopening of education institutions was main focus of most education related publications. Opinion on Stimulus package for education institutions was also a concern in this month.

- **Economy**

Recovery of economy is going on but newspapers also identified reasons for the government's recovery effort has fallen short. Studies said, 'people under poverty level have increased'. It time extension for graduation from LDCs was a concern. Discussed about Covid and status different SDGs (such as Covid-19 and SDG 9, Covid-19 and SDG 11, and Covid-19 and SDG 13)

- **Business**

In January Two new stimulus packages have been announced for RMG sector but need for stimulus package for Non-RMG sectors was also presented. According to available information, Most RMG units violate lay-off rules amid COVID-19 outbreak along with Loss of job and job uncertainty in Garments sector were prevailed during study period.

- **Violence Against Women**

According to a report of Ain o Salish Kendro, 2020 worse than past two years related violence against women.

- **Other Health issues**

This section covered issues like dengue, snakebites, misuse antibiotic, unfortunate fate of new born babies. DGHS has fixed prices of 10 lab tests and oxygen. Prime Minister of Bangladesh has placed six proposals to stop random use of antibiotics. Scarcity of health services for addressing need of patients of cold attacked in different part of country. Respective authorities' actions were available against fake physical and health service provider. Status and actions for improving malaria situation in this country was discussed in a roundtable in participation of relevant stakeholders.

- **Virtual Health Discussion**

Virtual discussions health issues in participation of expert/s in relevant field/s were available in online version of Prothom Alo.

Introduction: Media Reality in Bangladesh

Govt uses pandemic as a pretext to censor free speech: HRW

International rights organisation Human Rights Watch in its World Report 2021 alleged that the Bangladesh government used the COVID-19 pandemic as a pretext to censor free speech and crackdown on critics. The report said, 'The authorities arrested journalists, artists, students, doctors, political opposition members, and activists, who spoke out against the government's response to the pandemic, or otherwise criticised the ruling party. In the 761-page World Report 2021, its 31st edition, HRW reviewed human rights practices in more than 100 countries.

According to the report, Health workers reported insufficient personal protective equipment and alleged corruption in access to critical services. The government responded by silencing healthcare workers, censoring media, arresting those who spoke out, and increasing surveillance to crackdown on COVID-19 'rumours. Arrests under the abusive Digital Security Act increased dramatically and police even arrested a child for 'defaming' the prime minister in a Facebook post. Following massive order cancellations during the pandemic, more than one million garment workers – mostly women – were laid off, and many did not receive payment of owed wages.

602 media workers die of COVID-19

41 die in Bangladesh

Geneva-based Press Emblem Campaign (PEC) said, 'A total of 602 journalists and media workers have died of COVID-19 in 59 countries in 10 months since March 2020'. The PEC in a statement said that on average two journalists and media workers died of the disease a day during the period. A total of 41 journalists and media workers died of COVID-19 in Bangladesh, it said. Latin America tops the list with 303 deaths following Asia with 145 deaths, Europe 94, North America 32 and Africa with 28 deaths'.

<https://www.newagebd.net/article/126332/602-media-workers-die-of-covid-19>

COVID-19 vaccine misinformation

The Health System Improvement Forum said, 'In a recent publication in the British Medical Journal, Dr Anthony So and his colleague have illustrated that while high-income countries have secured more than an adequate amount of COVID-19 vaccines, the supplies to the rest of the world where over 86 per cent of people live is uncertain. It implies that more than a half (51 per cent) of the doses will go to high-income countries, which represents only 14 per cent of the total population in the world. The governments of the middle- to low-income countries in the rest of the world will have to fight for their fair share of vaccines. Both Pfizer and Moderna's vaccines are mRNA vaccines and their acceptance particularly beyond the high-income countries is shadowed by a significant amount of misinformation and disinformation that is circulated around'.

The Health System Improvement Forum is an online platform of professionals dedicated to protect people's health and health systems in Bangladesh.

Newspapers Monitoring

As a part of our assignment of Bangladesh Health Watch, we have monitored six newspapers; these are *Prothom Alo, Kalerkantho, Samkal, Daily Star, New Age and Bangla Tribune*.

Prothom Alo, Kalerkantho, Samkal are national Bangla daily newspapers; *Daily Star, New Age* are national English daily newspapers, all five have print and online versions. There are three presentations of their online versions, i) real time updates ii) online daily newspaper and iii) e-newspaper- a newspaper as printed one. Along with their bangla online version, *Prothom Alo, Kalerkantho, Samakal* have English online versions also. English daily *Daily Star* has bangla version also. *Bangla Tribune* is an online newspaper, which has two presentations- real time updates and daily newspaper. Credibility and readerships are major concerns in selecting newspapers for this monitoring.

Methodology

- We read each report, feature, editorial, post editorial and article, interview and expert's opinion related to health issues published during this month in stated newspapers, and have compiled selected write-ups in a daily basis. Each news organization is active to update their portal real time basis. So, we monitor those updates also but our focus was on daily printed version only for this study.
- We have divided all published health related items in six newspapers into two categories- issues related to Coronavirus and other health issues. We have identified broad issue/s or message/s of each published item and have developed issue based storage of those published items. Later we identified sub issues of those board issues. Compilation of the 6 newspapers are available here as per board issues with sub issues.
- Later we have developed overall newspaper coverage scenario on health issues for January 2021 on the basis of selected items which has representative value of that category. Links of published items are available here also, so anyone can get detail of that published item as ready reference during reading this report. So, it is now a monitoring report for disclosing issues for further work side by side a comprehensive publication on Health issues for January 2021.

Findings

Newspaper Coverage Scenario of Health Issues

A. Health Sector in Bangladesh

Prime Minister's version

‘স্বাস্থ্যসেবার মানোন্নয়নে গড় আয়ু বেড়েছে’

Average life expectancy has increased in improving health care

Prime Minister Sheikh Hasina has said that Bangladesh has made tremendous positive changes in the health sector, both public and private. "As a result of the expansion and improvement of the quality of our healthcare, the average life expectancy has increased to 72.6 years in 2019-20,"

She said this while addressing the nation on the occasion of entering the third year of Awami League government on 8 January evening.

The Prime Minister said health services are being provided to the general public including rural women and children from 18,000 community clinics and union health centers across the country. Along with that 30 types of medicines are given for free. The under-five mortality rate has been reduced to 28 per thousand and the under-1 mortality rate to 15 per thousand. Maternal mortality rate has come down to 165 per lakh.

She added that during the Coronavirus epidemic, when human movement was limited, digital technology was considered the only means of communication and business. As a result of our government's far-reaching initiatives to establish Digital Bangladesh, digital technology has emerged as a savior in this critical period. Fiber optic cable has been installed in 18,434 government institutions and 3,800 unions of the country.

B. Prime issue of January

A historic day

Says PM inaugurating the pilot vaccination, hopes inoculation will end Covid-19 scourge

Runu Veronica Costa, a senior nurse of Kurmitola General Hospital, 27 January 2021 received the first vaccine shot as Bangladesh joined the world in the Covid-19 vaccination campaign. Prime Minister Sheikh Hasina termed the vaccination rollout a historic event.

<https://www.thedailystar.net/frontpage/news/historic-day-2035021>

C. List of issues

All published items in six newspapers have been divided into two broad categories, A) issues related to Coronavirus and B) other health issues. We have identified 26 broad issues with 136 sub issues within issues related to Coronavirus and 24 issues within other health issues category with 28 sub issues. Published items have compelled us to redesign the list of issues in this month.

Health issues with brief description

a. List of issues related to Coronavirus

1. Vaccine

i. Faster vaccine collection	Annex: 1(i)
------------------------------	-------------

সরকারের লক্ষ্য দ্রুত টিকা আনা

Preparations are underway to make the vaccine available to the people in a short period of time. Work is underway to buy accessories including needles and syringes for vaccination. The process of making a list of people of which class and profession will be vaccinated on a priority basis is almost finalized.

ii. First vaccine soldier**Annex: 1(ii)****A nurse to get the first jab Wednesday*****PM to virtually launch pilot vaccination at Kurmitola hospital; priority list not prepared yet***

Piloting of the government's Covid-19 inoculation programme will launch on 27 January 2021 through vaccinating a nurse at the capital's Kurmitola General Hospital. Prime Minister Sheikh Hasina will inaugurate the programme virtually. After the nurse, 24 other frontline workers, including journalists and members of the civil society, will get the vaccine shot.

iii. Actions for vaccine**Annex: 1(iii)****Govt approves Covishield use*****Beximco Pharma to import, deliver it to public, private bodies***

The government yesterday approved for emergency use Covishield, the Indian version of the Oxford-AstraZeneca's Covid-19 vaccine. Beximco Pharmaceuticals Ltd has also been authorised to deliver the vaccine shots to the country's private and public organisations.

iv. Frontliners led vaccination**Annex: 1(iv)****Frontliners lead from the front*****Several ministers also take first jabs as pilot vaccination ends***

The two-day piloting of inoculation against Covid-19 ended at five public hospitals in the capital 28 January. Of the 541 people who got the vaccine shots on that day, 296 were doctors, according to the Directorate General of Health Services.

v. Vaccine deployment**Annex: 1(v)****Covid vaccines sent to 36 dists so far*****Local health admins prepare for inoculation***

The government has started sending Covid-19 vaccine doses across the country from Dhaka ahead of the mass inoculation campaign set to begin from February 7.

vi. Side effect of vaccine**Annex: 1(vi)****No serious side effect*****Those who took first jabs doing fine***

Additional director general of the health directorate Prof Nasima Sultana, who was inoculated on 27 January, said she was feeling very well and had been working as usual at office and home.

vii. Online registration**Annex: 1(vii)****13,000 sign up for Covid-19 vaccine shots*****Many say they can't register***

According to the Directorate General of Health Services, over 13,000 people have registered online for inoculation against Covid-19 as of 30 January noon.

viii. Side-effect treatment cost**Annex: 1(viii)****Govt to pay COVID-19 vaccine side-effect treatment cost: Minister**

Health minister Zahid Maleque said that the government would bear the expenses for treatment if anyone faces a side-effect after taking COVID-19 vaccine.

ix. Indian Export Bar	Annex: 1(ix)
------------------------------	---------------------

India bars Serum from exporting COVID-19 vaccines

India will not allow the export of the Oxford University-AstraZeneca coronavirus vaccine for several months, the head of Serum Institute of India, which has been contracted to make 1 billion doses of the vaccine for developing nations.

x. Incomplete Consent form	Annex: 1(x)
-----------------------------------	--------------------

দেশে করোনার টিকার সম্মতিপত্র অসম্পূর্ণ

The coroner's vaccine consent form does not provide any information about the corona vaccine. Pharmacist and public health experts have commented that it is unprecedented. They call it a faulty consent form and change it quickly.

xi. Free Vaccine	Annex: 1(xi)
-------------------------	---------------------

বিনামূল্যে টিকা পাবে দেশের সব মানুষ

Preparations are underway to bring all the people of the country under the vaccination program. Not only that, the government has started activities to ensure free vaccination for the entire population of the country.

xii. Not for all	Annex: 1(xii)
-------------------------	----------------------

করোনার টিকা

সবার নিবন্ধন এখনই নয়

The government has made a priority list of 19 categories of people for coronary vaccination. If you are 55 years of age or older, you can go to a website called 'Suraksha' and register for the vaccine now.

xiii. Five Hospitals for vaccination	Annex: 1(xiii)
---	-----------------------

করোনার টিকা দিতে প্রস্তুত পাঁচ হাসপাতাল

After the inauguration on 27 January, corona vaccination activities are starting in five hospitals in the capital on Thursday (28 January) morning. Among them, 400 health workers at Dhaka Medical College, Bangabandhu Sheikh Mujib Medical University (BSMMU) and Mugda Medical College Hospital will be vaccinated against COVID-19 on 28 January.

xiv. Initiatives by diplomatic missions	Annex: 1(xiv)
--	----------------------

করোনা মোকাবিলা

টিকা আনার উদ্যোগ নিচ্ছে দূতাবাসগুলো

The Russian government has taken initiative to vaccinate Russian citizens residing in Bangladesh. Sources at the two embassies confirmed in the first light that the embassies of the United Kingdom and the United States are taking similar initiatives. In addition, some large private organizations have also taken the initiative to vaccinate their employees.

xv. Increases COVID-19 project cost	Annex: 1(xv)
--	---------------------

COVID-19: Bangladesh hikes COVID-19 project cost by Tk 5,659cr for vaccine purchase

The government increased the cost of a lender-led project by Tk 5,659.07 crore for purchasing COVID-19 vaccines to immunise 3.4 crore people in the first phase. A meeting of the Executive Committee of the National Economic Council, chaired by Prime Minister Sheikh Hasina virtually from the Gananbhaban, approved the revision of the COVID-19 Emergency Response and Pandemic Preparedness project cost to Tk 6,786.58 crore from Tk 1,127.51 crore.

xvi. Negotiation failure

Annex: 1(xvi)

Government's expensive COVID-19 vaccine negotiation failure

The government must, therefore, attend to its weakness in negotiation, at least for future procurement. But while the government must look into if any undue advantage has been afforded to any other parties involved, the government must also adhere to the highest possible transparency in the COVID-19 vaccine procurement and vaccination process – as Transparency International, Bangladesh has also demanded—to check against corruption, confusion and controversy.

xvii. Parliamentary Committee for proper management

Annex: xvii

টিকা প্রদানে সুষ্ঠু ব্যবস্থাপনা চায় সংসদীয় কমিটি

The parliamentary committee wants proper management of coronavirus vaccine. The committee recommended that the coronavirus vaccine be administered under the control and intensive management of the government through the District Government Hospital and the Upazila Health Complex to the general public on a priority basis so that the necessary steps could be taken to reach them safely.

xviii. Globe Biotech

Annex: 1(xviii)

Globe Biotech gets DGDA nod for producing COVID-19 vaccine

Globe Biotech got approval for producing COVID-19 vaccine for human trials from the regulator the Directorate General of Drug Administration.

xix. Vaccination Plan

Annex: 1(xix)

14cr to get Covid vaccine in phases

WB to provide most of the funds for Tk 6,786cr project

The government will inoculate in phases nearly 14 crore people against Covid-19 with double-dose vaccine from the COVAX facility under a Tk 6,786 crore pandemic preparedness project.

xx. Unresolved issues

Annex: 1(xx)

Vaccine Rollout Plan: Key issues still unresolved

Big challenges ahead for mass inoculation

The government has yet to resolve several key issues before rolling out the Oxford-AstraZeneca vaccine, expectedly from the second week of February. The mobile app for registering people willing to be vaccinated and to create a database of people aged 60 and above, those with comorbidities has yet to be launched.

xxi. Guard against corruption, misappropriation and adulteration

Annex: 1(xxi)

EDITORIAL

Govt's Covid-19 vaccine project must succeed

It is a huge endeavour

The government must guard against corruption, misappropriation and adulteration at every step. We cannot afford for any of the vaccines to disappear and then reappear in the black market, nor for it to be unavailable to those that it is intended for.

xxii. Need more trials

Annex: 1(xxii)

An impending mess of COVID-19 vaccine procurement

The National Technical Advisory Committee on COVID-19 in August 2020 recommended that Bangladesh should engage in as many vaccine trials as possible, but health managers have for reasons unknown ignored the recommendations, now having been in a position not to tell when Serum vaccine will be available in Bangladesh..

xxiii. Alternative sources

Annex: 1(xxiii)

Explore alternative sources of vaccine

Experts say country should find all possible ways to meet future need of Covid-19 vaccines, take part in trials

Experts say, the government should explore more sources of Covid-19 vaccines, instead of relying only on the ones currently being considered, and take part in vaccine trials immediately to meet future needs.

xxiv. Explore more potential sources

Annex: 1(xxiv)

EDITORIAL: Bangladesh should explore more potential sources of vaccines

Work for a sustainable vaccine deployment policy

The government must make their vaccine deployment plan public and work with transparency. Moreover, campaigns should be held for raising awareness among people about the need for getting vaccinated against Covid-19. The government should make all-out efforts to make the vaccination process a success.

xxv. Pfizer's Vaccine

Annex: 1(xxv)

Pfizer's Covid-19 Vaccine: Govt may go for it despite challenges

Worries remain over lack of facilities needed to store vaccine at -70C, special syringe availability

The government decided to take the Pfizer-BioNTech vaccine from COVAX despite challenges of maintaining the cold chain and ensuring the supply of the particular syringes required.

xxvi. Vaccination deadline

Annex: 1(xxvi)

Vaccination starts in first week of Feb

First batch of vaccine from Serum due by Jan 25

Covid-19 vaccination would start from the first week of February. For getting vaccinated, people would have to register with an app that would be opened to them on January 26, said officials of Directorate General of Health Services (DGHS).

xxvii. Vaccine from COVAX

Annex: 1(xxvii)

EDITORIAL: *Despite challenges, govt decides to take vaccine from COVAX*

We must procure, preserve and distribute according to protocol

We hope the government will take all the necessary steps to secure the syringes required and also procure, preserve and distribute the vaccines successfully. Extra care needs to be given to maintain the cold chain. At the same time, the authorities must keep in mind that the initiative needs to be transparent.

xxviii.	Vaccination training	Annex: 1(xxviii)
----------------	-----------------------------	-------------------------

Covid Vaccination: Healthcare staffers' training starts

The government would start providing training to the healthcare staffers in an effort to ensure safe and efficient Covid-19 vaccine administration. Around 40,000 healthcare workers and volunteers at different levels -- from national to upazila -- will receive the two-week long training both physically and virtually.

xxix.	Vaccine Candidates	Annex: 1(xxix)
--------------	---------------------------	-----------------------

3 Vaccine Candidates: Govt mulls allowing human trial

India's Bharat Biotech, and China's Anhui Zhifei Longcom Biologic Pharmacy and the Institute of Medical Biology Chinese Academy of Medical Sciences are moving ahead with their plans to run last-stage human trial of their vaccine candidates in Bangladesh.

xxx.	No antibody tests even no dry run	Annex: 1(xxx)
-------------	--	----------------------

Vaccine Rollout in Bangladesh: No antibody tests, even no dry run

Experts say this will cause wastage of vaccines; dry run needed to see if the vaccine has any adverse effect

The government plans to roll out Covid-19 vaccines next month without any dry run and antibody test, which, experts say, are two critical aspects of a vaccination programme. A dry run or a practice run of a vaccine is a testing process where the effects of a possible failure are intentionally mitigated.

xxxi.	Awareness campaign	Annex: 1(xxxi)
--------------	---------------------------	-----------------------

Govt launches vaccine awareness campaign today

The government will launch the Covid-19 vaccination awareness campaign from today to prepare the general population ahead of the mass inoculation against the highly transmissible virus.

xxxii.	Mass vaccination programme	Annex: 1(xxxii)
---------------	-----------------------------------	------------------------

Vaccination plan gets a boost

20 lakh doses arrive from India as gift; PM thanks Modi

The country has got a shot in the arm for its Covid-19 inoculation campaign as 20 lakh doses of the Oxford-AstraZeneca vaccine, a gift from the Indian government, arrived in Dhaka. The doses are expected to help Bangladesh roll out its mass vaccination programme on schedule in the first week of next month.

xxxiii.	Race against time	Annex: 1(xxxiii)
----------------	--------------------------	-------------------------

Preparations for Vaccine Rollout: Race against time

Government officials said the piloting will take place at several public hospitals and the authorities there have also not finished preparing the lists of volunteers for it.

xxxiv. PM should to take the Covid-19 vaccine first **Annex: 1(xxxiv)**

Dispel people's fear by taking vaccine first

Dr Zafrullah urges PM

Gonoshasthaya Kendra Trustee Dr Zafrullah Chowdhury urged Prime Minister Sheikh Hasina to take the Covid-19 vaccine first and dispel people's fear regarding inoculation.

xxxv. Vaccination kicks off **Annex: 1(xxxv)**

Covid vaccination kicks off today

PM to inaugurate the piloting

Bangladesh joins the world 27 January in the vaccination campaign against Covid-19 pandemic with a robust stock of vaccine doses in hand. Of the south Asian countries, Bangladesh has the highest number of vaccines in hands -- 70 lakh doses -- after India.

xxxvi. Government must do better **Annex: 1(xxxvi)**

EDITORIAL: Covid-19 vaccine pilot to begin

The challenge is to successfully launch the mass inoculation programme

The way we see it, three of the most important challenges now are to purchase enough vaccines for the whole population, properly identify at-risk groups, and administer the vaccines successfully while ensuring that the follow-up dose will be available at the right time. Nothing less than a concerted effort guided by a clear vision will be enough.

xxxvii. Pharmaceutical Logistics Industry **Annex: 1(xxxvii)**

টিকা সরবরাহে ফার্মাসিউটিক্যাল লজিস্টিকস শিল্প

Pharma Solutions Bangladesh Limited (PSBL) has 140,000 square feet of perfect heat-controlled medicine storage and 2,000 square feet of specialized cold chain storage. Its branches have been set up in major cities of the country. Through this, its services are extended from the division to the upazila. Pharma Solutions Bangladesh Limited has doctors, hospitals, clinics, pharmacies and government and non-government organizations as esteemed customers.

xxxviii. Maintain transparency **Annex: 1(xxxviii)**

টিকা কার্যক্রমে স্বচ্ছতা বজায় রাখার পরামর্শ

Public health experts say that there should be no deprivation in the society with the corona vaccine. Therefore, they are advised to maintain transparency in every step of the vaccination program.

xxxix. Demand for free vaccine **Annex: 1(xxxix)**

সব নাগরিককে বিনামূল্যে ভ্যাকসিন দেওয়ার দাবি চিকিৎসকদের

ডক্টরস প্লাটফর্ম ফর পিপলস হেলথ এর সংবাদ সম্মেলন

Doctors Platform for People's Health has demanded free corona vaccine for all citizens of Bangladesh. This demand was made at a press conference.

xl.	Vaccination centre	Annex: 1(xl)
-----	---------------------------	---------------------

টিকা দিতে ঢাকায় হবে ৩০০ কেন্দ্র: স্বাস্থ্যমন্ত্রী

The health minister said 300 vaccination centers would be set up at government hospitals and diagnostic centers in the capital.

xli.	Trust on vaccine	Annex: 1(xli)
------	-------------------------	----------------------

টিকায় আগ্রহ, ভয় অসত্য-অর্ধসত্য-ভুল তথ্যে

Public health expert Abu Jamil Faisal is involved in a survey on how many people are interested in vaccines. He said, 'People are interested in getting vaccinated, But it will take more time to have confidence in the vaccine'.

xlii.	Rohingya refugees	Annex: 1(xlii)
-------	--------------------------	-----------------------

Will vaccine nationalism lead to the exclusion of Rohingya refugees?

The Covid-19 pandemic is a public health emergency which requires emergency medical supplies, including emergency access to vaccine. Constitutional safeguards should also be extended to Rohingya refugees by interpreting the "spirit of the law". Thus, vaccine nationalism must not prevail over equality, human dignity and social justice, which are the founding principles of Bangladesh.

xliii.	Less infection and deaths	Annex: 1(xliii)
--------	----------------------------------	------------------------

করোনায় ভয় নেই রোহিঙ্গাদের, সংক্রমণও কম

Sample collections in the camp have increased a lot compared to before. Earlier 20-25 samples were collected daily, now 60-70 in Rohingya camp. There are 22 sample collection booths. However, both the identification and death rate of Covid-19 patients in the camp have decreased. No Rohingya has died in Corona in the last three months.

xliv.	Vaccine procurement plan	Annex: 1(xliv)
-------	---------------------------------	-----------------------

টিকা সংরক্ষণে যে পরিকল্পনা সরকারের

The Department of Health has announced plans for how the vaccine will be stored after it arrives in the country. Director General of the Department of Health, Prof. Abul Basar Mohammad Khurshid Alam informed about the plan.

xlv.	Vaccination in big cities	Annex: 1(xlv)
------	----------------------------------	----------------------

‘বড় নগরগুলোতে ভ্যাকসিন দেওয়া চ্যালেঞ্জিং’

The National Technical Advisory Committee on Covid-19 has expressed satisfaction with the Department of Health's plan to provide vaccines across the country. They think it will be somewhat challenging to run vaccination activities in big cities including Dhaka, Chittagong and Sylhet.

xlvi.	Out of reach	Annex: 1(xlvi)
-------	---------------------	-----------------------

যে মাত কোটি মানুষ করোনা টিকার বাইরে

There are 37 percent in the country, those under the age of 18, they will not get vaccinated. Pregnant women will not get vaccinated; there has been no trial of these women, which is about

5 million. Again, those over 90 years of age will not be vaccinated. Again, one crore people live outside the country, they are not getting vaccinated. In all, about 70 million people will be out of the corona vaccination program.

xlvi.	Security of vaccine	Annex: 1(xlvi)
--------------	----------------------------	-----------------------

ভ্যাকসিনের নিরাপত্তায় আইনশৃঙ্খলা বাহিনী

Health Secretary Abdul Mannan said appropriate steps have been taken to ensure the safety of the corona vaccine. 'Law enforcement has been given the responsibility of vaccine safety.'

xlvii.	Vaccine in private hospital	Annex: 1(xlvii)
---------------	------------------------------------	------------------------

প্রাইভেট হাসপাতালে এখনই করোনার টিকা নয়

Private hospitals or private medical colleges will not be allowed to vaccinate against coronavirus right now. The corona vaccine will only be given at government hospitals.

xlviii.	Uninterrupted electricity	Annex: 1(xlviii)
----------------	----------------------------------	-------------------------

করোনার টিকা সংরক্ষণে নিরবচ্ছিন্ন বিদ্যুৎ নিশ্চিত করতে হবে: বিদ্যুৎ প্রতিমন্ত্রী

State Minister for Power, Energy and Mineral Resources Nasrul Hamid said, 'Regular sources as well as alternative sources of power supply must be maintained. Besides, standby generator should also be provided'.

1.	Hungary and Bolivia want vaccine	Annex: 1
-----------	---	-----------------

Bangladesh to give Hungary, Bolivia COVID-19 vaccines: Shariar

Hungary and Bolivia have sought COVID-19 vaccine from Bangladesh, state minister for foreign affairs Shariar Alam has told Parliament.

ii.	Russian vaccine	Annex: ii
------------	------------------------	------------------

Russian vaccine approved for foreigners at Rooppur Power Plant

The Directorate General of Drug Administration has given permission to Russian State Atomic Energy Corporation to import the Russian COVID-19 vaccine Sputnik V for inoculating the foreign workers at the Rooppur Nuclear Power Plant.

iii.	Interested vaccine audience	Annex: iii
-------------	------------------------------------	-------------------

32pc Bangladeshis want to take vaccine now, finds DU study

It says top leaders, icons should publicly take shots

Only 32 per cent of Bangladesh's adult people are interested to take a COVID-19 vaccine now, highlighting doubt about the vaccine's effectiveness and quality and fear of side effects, according to a study carried out by Dhaka University's Institute of Health Economics and the Bangladesh CoMo Modelling Team.

iiii.	Seek smooth supply of vaccines	Annex: iiii
--------------	---------------------------------------	--------------------

Dhaka to seek smooth supply of vaccines

Foreign secy to visit Delhi on Jan 28-30

Dhaka would seek smooth supply of vaccine under the tripartite agreement on buying Covishield from Serum Institute of India when Foreign Secretary Masud Bin Momen visits Delhi from January 28-30.

liv. First batch of vaccines arrives Annex: liv

All set for Covid jab roll-out

First batch of vaccines from Serum arrives; PM to launch pilot inoculation tomorrow

The government has almost completed the groundwork for rolling out Covid-19 vaccine in the country early next month. It gears up for the mass inoculation campaign as the first consignment of 50 lakh doses, purchased from Serum Institute of India (SII).

lv. Cost for Vaccine Apps Annex: lv

করোনা মোকাবিলা

২৫ জানুয়ারির মধ্যে আসতে পারে টিকা, নিবন্ধন অ্যাপে

Vaccine recipients will be registered through an app created at a cost of Tk 90 crore.

lvi. Misinterpreted News Annex: lvi

প্রকাশিত সংবাদে অ্যাপের ব্যয় নিয়ে তথ্যের প্রতিবাদ

The protest, signed by MIS director Mizanur Rahman, said the news had in fact been misrepresented.

lvii. Vaccination plan for villages Annex: lviii

স্বাস্থ্য অধিদপ্তরের পরিকল্পনা

শুরুতে গ্রামে টিকাকেন্দ্র নয়

At first, the Department of Health will not conduct corona vaccination at the union level. The department has planned to provide vaccinations at Upazila Sadar, District Sadar and metropolitan areas.

lviii. BNP's concern about vaccine Annex: lix

সাধারণ মানুষ টিকা পাবে কি না, সংশয় ফখরুলের

BNP secretary general Mirza Fakhruul Islam Alamgir has expressed doubts about whether the general public will get the coronavirus vaccine.

lix. Fake COVID-19 vaccine Annex: lx

Drug admin asked to prevent fake COVID-19 vaccine

The health ministry informed the parliamentary standing committee on the ministry that it ordered the Directorate General of Drug Administration to take necessary steps to prevent fake COVID-19 vaccines.

lx. Registration for Vaccine Annex: lxi

Slow registration for vaccine

করোনা মহামারি

করোনার টিকার নিবন্ধনে ধীরগতি

Registration of Corona vaccine recipients is slow. As many as 17,000 people have registered till 31 January 2020 afternoon. The vaccination committees of 38 districts have not yet finalized the list of priority populations.

lxi. Reasons behind slow registration

Annex: lxii

ভ্যাকসিনের জন্য নিবন্ধন কম যে কারণে

Director General of the Department of Health, Prof. Dr. Abul Basar Mohammad Khurshid Alam said, 'Online coronavirus vaccine registration is lower due to technical problems.'

lxii. Apps for registration

Annex: lxiii

৪ ফেব্রুয়ারির মধ্যে 'সুরক্ষা' অ্যাপ: স্বাস্থ্য মহাপরিচালক

The 'Surakkha' app will be available on the Google Play Store by 4 February to register for the corona vaccine.

lxiii. Experts warning on vaccine

Annex: lxiv

করোনার টিকা কার্যক্রম নিয়ে সতর্ক করলেন বিশেষজ্ঞরা

বিএইচআরএফ সংলাপ

Experts say that if the government is not careful about technical discipline and information transparency in vaccination activities, it may face more criticism this time than it did in the beginning.

lxiv. Syringes for COVID-19 vaccination

Annex: lxv

Govt to buy 3cr syringes from JMI for COVID-19 vaccination

The government will procure three crore syringes for COVID-19 vaccination from JMI Syringes and Medical Devices, a sister concern of JMI Hospital Requisite Manufacturing which has been accused of supplying fake N95 masks to the government. JMI Syringes has been asked to supply 66 lakh syringes to the government by 31 January in the first phase.

2. Health update

Annex: 2

করোনায় মৃত্যু

৫২ শতাংশের অন্য রোগ ছিল না

People with chronic diseases such as diabetes, heart disease, high blood pressure, and respiratory diseases have a higher risk of dying from coronavirus. But of those who have died from corona in the last 11 days in the country, 52 per cent had no history of any other long-term disease other than corona.

3. Testing facilities

i. Free testing facilities	Annex: 3(i)
-----------------------------------	--------------------

বিনামূল্যে করোনা টেস্টের সুপারিশ

Corona detection rates have been declining in the country for the past few weeks; in this situation, the concerned people think that it is necessary to increase the sample test. Therefore, the National Technical Advisory Committee on Covid-19 has recommended free re-testing at the test center instead of a fee of Tk 100.

ii. GK Antibody kit trial approved	Annex: 3(ii)
---	---------------------

Bangladesh approves GK COVID-19 antibody kit trial

Gonoshasthaya Kendra has finally got the approval for a trial of its rapid COVID-19 antibody kit from the Bangladesh Medical Research Council.

iii. Local Testing Kit	Annex: 3(iii)
-------------------------------	----------------------

Covid Testing: Govt approves first locally developed kit

Covid Testing: Govt approves first locally developed kit

The Directorate General of Drug Administration (DGDA) has approved for the first time a locally developed RT-PCR testing kit that can detect the novel coronavirus. Bangladeshi biotech company OMC Healthcare Pvt. Ltd developed the kit, which the DGDA approved on 3January.

iv. Status of testing	Annex: 3(iv)
------------------------------	---------------------

আগের মতো ভিড় নেই করোনা টেস্ট সেন্টারে

Most of the people who are coming for corona test because of related to their official works or treatment of other diseases. Of these, there is a little crowd in the morning but there is no crowd after 11 o'clock.

v. Antibody test	Annex: 3(v)
-------------------------	--------------------

Antibody test for Covid-19 gets govt nod

The government has approved rapid antibody tests for Covid-19. The antibody tests can detect if a person had been infected with Covid-19 in the past and a possible immune response to the virus. For months, there were strong recommendations from the National Technical Advisory Committee (NTAC) on Covid-19 to introduce both antigen and antibody-based rapid testing for Covid-19.

4. Survey on Physicians	Annex: 4
--------------------------------	-----------------

বিএসএমএমইউর জরিপ

করোনায় ২১% চিকিৎসক উদ্বেগে

The Department of Psychiatry at Bangabandhu Sheikh Mujib Medical University (BSMMU) conducted a survey on the psychological effects of corona on doctors and other health workers. According to the survey, about 21 percent of physicians and 6 percent of associate health workers suffer from mental anxiety. In addition, 16 percent of doctors and about 8 percent of collaborative health workers suffer from depression.

5. Compensation for frontliners	Annex: 5
--	-----------------

Uncertainty related to compensation

করোনায় আক্রান্তদের ক্ষতিপূরণ পাওয়া 'অনিশ্চিত'

Doctors-nurses-police-government employees will get Tk. 5 to 10 lakh depending on the grade of salary scale in case of corona and up to Tk. 50 lakh in case of death. Such a circular was issued by the Ministry of Finance. But now the Ministry of Health and Finance say that the frontrunners will only get compensation if they die of corona. Not otherwise.

6. Social Safety net programme

Annex: 6

সেমিনারে অভিমত

করোনাকালে সামাজিক সুরক্ষা কর্মসূচির সুষ্ঠু ব্যবহার হয়নি

During the Corona pandemic, various social security programs of the government did not get due benefits. Due to the lack of good governance, it has not been possible to use these programs properly.

7. Low grade facemasks

Annex: 7

EDITORIAL: Unauthorised, low-grade facemasks flooding the market

How can factories produce them without permission?

The government needs to give strict, clear guidelines on the use of masks and other safety measures that should be followed by people at large. As low-quality masks are one of the prime reasons behind the rising number of infections in the country, according to health experts, their use should be stopped.

8. Covid vulnerability

Annex: 8

Men in their 30s get Covid most

Study finds

Males aged between 30 and 39 constitute the largest share of the Covid-19 patients in Bangladesh, reveals a study. It also finds a rising trend of the asymptomatic cases in the country as the pandemic continues to rage. The study was carried out on 1,021 people, who recovered four weeks prior to being interviewed after undergoing treatment at six hospitals. The study period was from April 1 to June 30, 2020.

9. Economy

i. Rising from the rubble

Annex: 9(i)

Bangladesh Economy 2020: Rising from the rubble

Zahid Hussain, former lead economist at the World Bank's Dhaka office, said the good news is that 2020 is now in the rear-view mirror."The bad news is we can't be sure whether the unprecedented distress suffered globally in the year gone by is also a thing of the past."

ii. Recovery effort has fallen short

Annex: 9(ii)

Main reasons why the government's recovery effort has fallen short

The focus of the debate on recovery has to shift from the single-minded pursuit of growth only, to how that recovery and growth can be achieved through greater inclusivity. Of all the government packages, the ones meant for the poorer sections of society or smaller businesses, have had the greatest design flaws, which shows the lack of comparative importance given to these sections.

iii. Uneven recovery	Annex: 9(iii)
-----------------------------	----------------------

Recovery uneven

Large firms bouncing back due to easy access to stimulus funds; small ones limping along

The large industrial and service sectors have made as much as 80-90 percent recovery compared to the pre-pandemic level. It is only 30-40 per cent for small and medium enterprises.

iv. Recovery support	Annex: 9(iv)
-----------------------------	---------------------

IFAD to provide \$18.07m to Bangladesh for COVID-19 recovery activities

The International Fund for Agricultural Development will provide Bangladesh with an additional loan of US\$ 18.07 million to rebuild microenterprises and support smallholders, who have been affected adversely by the COVID-19 pandemic.

v. Great Equalizer	Annex: 9(v)
---------------------------	--------------------

EDITORIAL: Covid-19 is not the Great Equalizer

Why are we enabling this inequality to flourish?

As we congratulate ourselves for maintaining our economic growth rate and export earnings, what we cannot do is lose sight of those who are falling through the cracks of this neoliberal economic system. The bottom 99 percent must set the agenda for a fairer future.

10. Poverty Situation

i. Poverty increased	Annex: 10(i)
-----------------------------	---------------------

2020, the Year of Pandemic: Heartbreaks in heartland

Stories of income cut, unemployment, hunger, and renewed struggle in the capital amid Covid-induced downturn

Due to Covid-19, dependency of a large number of these affected people shifted from savings to loans and grocery credit to meet food needs. A Bangladesh Bureau of Statistics (BBS) survey on the impacts of the pandemic on livelihoods released in September said 46.22 percent households had savings wiped out and 11.26 percent either sold property or mortgaged them.

ii. Poverty inequality	Annex: 10(ii)
-------------------------------	----------------------

COVID-19 outbreak

Pandemic pushes 42pc into poverty

Finds a survey on 5,577 households

Forty-two percent of 5,577 households covered by a nationwide survey were found below the poverty line, according to the findings of the study released yesterday. South Asian Network on Economic Modeling (SANEM) carried out the survey over November and December last year to find out how the socio economic condition of the families changed because of the pandemic.

iii. Loss for Covid	Annex:10(iii)
----------------------------	----------------------

Covid-induced loss: May take a decade for the poor to recover

Says Oxfam report

It took the 1,000 richest people in the world less than a year to recoup their losses, but it may take at least a decade for billions of poor people to recover from the coronavirus-induced economic impacts, reveals an Oxfam report.

11. Record remittance

Annex: 11

করোনার বছরে রেকর্ড রেমিট্যান্স

Despite the coronavirus infection, expatriates sent a record USD 2.184 billion remittances in 2020. Never before has there been so much remittance.

12. Business

i. Facilities for non RMG exporters

Annex: 12(i)

Experts for equal facilities for non-RMG export sectors

Experts said that the government should ensure that non-readymade export sectors received equal treatment like the RMG sector. They made the recommendation at the eighth meeting of Trade and Investment Working Committee of Business Initiative Leading Development, a public private dialogue platform, held at the commerce ministry.

ii. Two fresh stimulus packages

Annex: 12(ii)

Bangladesh approves two fresh stimulus packages of Tk 2,700 crore

Two more stimulus packages worth Tk 2,700 crore were announced amid criticisms that big and readymade garment industries have mostly benefitted from the earlier packages announced in phases since April to overcome the economic fallout of the COVID-19 crisis.

iii. Postponed DITF

Annex: 12(iii)

Govt postpones DITF for COVID-19

The government has postponed Dhaka International Trade Fair-2021 considering the risk of getting infected by the COVID-19. The Ministry of Commerce took the decision.

iv. Vaccine in share market

Annex: 12(iv)

টিকার খবরে স্বস্তিতে বিনিয়োগকারীরা

৮৪ পয়েন্ট বেড়ে ডিএসইএক্স ৫৭১৮ পয়েন্টে

The news of the coronavirus vaccine arriving in the country at the end of January has started the stock market in a very upward trend this week.

v. Increased demand of environment friendly products

Annex: 12(v)

পরিবেশবান্ধব এ পণ্যের রপ্তানি বেড়েছে ৪৯ শতাংশ

করোনায় বিশ্ব হস্তশিল্পের চাহিদা তুঙ্গে

Although the export income of other products in the world market has decreased due to the effect of Covid-19, the market of handicraft and cottage industries of the country is increasing as it is environmentally friendly.

13. Garments Industry

i. Violation of rules

Annex: 13(i)

Most RMG units violate lay-off rules amid COVID-19 outbreak

Finds CPD-MIB study

The majority of readymade garment factories in Bangladesh did not follow the labour laws and rules in laying-off and terminating workers amid the coronavirus outbreak, according to a study. The study titled 'Vulnerability, Resilience and Recovery in the RMG Sector in View of COVID Pandemic:

ii. Cargo charges double

Annex: 13(ii)

Air cargo charges double in fresh blow to RMG exporters

Readymade garment exporters in Bangladesh have been dealt a fresh blow by a doubling of air shipment rates for cargoes flying out of Hazrat Shahjalal International Airport (HSIA). The rate hike has piled additional pressure on the garment manufacturers who have been struggling for nearly a year to stay afloat amid a rush of order cancellations and rate decrease during the pandemic.

iii. Loss job

Annex: 13(iii)

Pandemic wipes out 3.57 lakh apparel jobs: study

The coronavirus pandemic wiped out 3.57 lakh jobs in the garment industry in Bangladesh in 2020 as factories went for layoffs and closures because of the collapse in demand, a new study found. More than 50 per cent factories had fewer workers in September in 2020 compared to what they had in December 2019, said Khondaker Golam Moazzem, research director of the Centre for Policy Dialogue (CPD), during a virtual dialogue.

iv. Job uncertainty

Annex: 13(iv)

Apparel job uncertainty on the wane

But export making slow recovery for the pandemic's second wave, CPD study says

With recuperation of international retailers and brands' work orders, job uncertainty among Bangladesh's garment workers has been alleviated to 4 per cent in September last year from 36 per cent in April, says a CPD study.

14. Migrant workers

Annex: 14

বিদেশফেরত

ঋণ জুটেছে ৬১৬ জনের

Under the loan assistance program launched by the government for the expatriates returning to the country during the Corona period, 617 people got loans in five months. Compared to the number of expatriates returning to the country, this number is very insignificant, 0.15 percent.

15. Bijon gets BIDA clearance

Annex: 15

Bijon gets BIDA clearance for visa to come to Bangladesh

Bangladesh-born scientist Bijon Kumar Sil has got clearance from the Bangladesh Investment Development Authority for getting an employment visa to come to Bangladesh from Singapore.

BIDA on 19 January issued the clearance letter, signed by its director Md Ariful Hoque, recommending that the Bangladesh High Commission in Singapore issue the visa to Bijon following Gono Bishwabidyalay's application.

16. Corruption

i. DGHS driver	Annex: 16(i)
-----------------------	---------------------

ACC to quiz DGHS driver Malek today

The Anti-Corruption Commission will interrogate Directorate General of Health Services' driver Abdul Malek at jail gate over his alleged involvement in accumulation of illegal wealth today.

ii. JMI chairman	Annex: 16(ii)
-------------------------	----------------------

জেএমআই চেয়ারম্যানের জামিন বহাল

JMI Limited Chairman in the case of supplying fake N-95 mask. Abdur Razzak is out on bail.

iii. Health related corruption index	Annex: 16(iii)
---	-----------------------

স্বাস্থ্য খাতে দুর্নীতিতে দুই ধাপ পেছাল বাংলাদেশ

টিআইর দুর্নীতির ধারণাসূচক

Bangladesh has taken two steps back in the Transparency International's Corruption Perceptions Index (CPI). Bangladesh is ranked 12th in the list of the most corrupt countries in 2020.

17. OMS cards found fake	Annex: 17
---------------------------------	------------------

Covid Food Aid for 50 Lakh People: Seven lakh OMS cards found fake

Food minister tells JS standing committee

Food Minister Sadhan Chandra Majumder has admitted that seven lakh fake OMS cards were distributed during the Covid-19 lockdown in the country last year. The minister said this during a meeting of the parliamentary standing committee on the food ministry on 24 September 2020, according to minutes of the meeting.

18. Education

i. No access to online class	Annex: 18 (i)
-------------------------------------	----------------------

Study finds 70pc have no access to online class

The dropout rate in primary and secondary education will increase as 69.5 per cent of the students have no access to remote learning platforms such as online classes, online radio and TV broadcast amid the COVID-19 outbreak, according to a study report launched recently. The Education Watch 2020-2021 interim report, launched in a webinar organised by the Campaign for Popular Education, revealed that the dropout rate at primary schools would stand at 20 per cent which is 18.5 at present while it would reach 41 per cent from the present rate of 37 per cent at secondary schools.

ii. School admission drops	Annex: 18(ii)
-----------------------------------	----------------------

School admission drops amid COVID-19

Many pre-primary, play group, nursery, KG, class-1 and class-2 seats in most government primary schools, non-government schools and kindergartens remain vacant creating a fear of a sharp drop in the enrolment rate and a steep increase in the dropout rate, school and kindergarten teachers said.

iii. Schools reopening	Annex: 18(iii)
-------------------------------	-----------------------

Get ready to reopen

Education directorate asks all secondary schools, colleges

The Directorate of Secondary and Higher Education yesterday asked all secondary schools and colleges to complete preparations for reopening. In a notice, the DSHE instructed the heads of the educational institutions to put in place necessary measures by 4 February for reopening, ensuring health safety of all students in line with the guideline provided to them.

EDITORIAL: Reopening schools in phases would be a good decision

But govt must strictly enforce and facilitate the health guidelines

According to a report quoting a high official of the National Curriculum and Textbook Board, work has been completed on reducing the syllabus and this has been submitted to the education ministry. This too is a wise decision that will take into consideration the disruption in studies for students during the pandemic.

iv. Partial Resumption	Annex:18(iv)
-------------------------------	---------------------

Partial Resumption of Classes: Schools, colleges asked to prepare

Govt sends guidelines to secondary educational institutions; preparations by Feb 4

The government will decide when to reopen the schools after analysing the situation and consulting with the National Technical Advisory Committee on Covid-19, Education Minister Dipu Moni told parliament yesterday.

v. Reopening of Primary school	Annex: 18(v)
---------------------------------------	---------------------

Primary schools may also reopen next month

Says state minister

In line with the resumption of secondary-level schools and colleges, the government is also planning to reopen primary schools and kindergartens after 10 months of shutdown. The Directorate of Primary Education (DPE) has already sent a guideline to all primary schools to prepare for reopening by February 4.

vi. Blueprint for school reopening	Annex: 18(vi)
---	----------------------

INTERNATIONAL DAY OF EDUCATION

A blueprint for school reopening and learning recovery

The goal is not just to reopen, but also to keep the schools operating safely and help children recover their learning loss. We need to succeed in 2021, the golden jubilee year of Bangladesh's independence.

vii. Extended closure	Annex: 18(vii)
------------------------------	-----------------------

Edn Institutions: Govt extends closure until Feb 14 due to pandemic

The government has extended the closure of all educational institutions until February 14. The decision comes at a time when all schools and colleges are preparing for reopening. The

education and the primary and mass education ministries issued separate statements on extension of closure yesterday. However, Qawmi madrasa will remain outside the purview of the government's directive.

viii. Decreased interest in online classes	Annex: 18(viii)
---	------------------------

ঢাকা বিশ্ববিদ্যালয়

অনলাইন ক্লাসে আগ্রহ কমছে শিক্ষার্থীদের

The economic condition of the families of many students studying in public universities is weak. No one can afford to buy an internet package, no one has the device to attend online classes again. Internet speed is not good in all parts of the country.

19. Violence Against Women	Annex: 19
-----------------------------------	------------------

Violence Against Women: 2020 worse than past two years

1,627 women raped or gang-raped amid pandemic, says ASK

At least 1,627 women were raped or gang raped across the country, of whom 53 were killed after rape and 14 died by suicide. The number of rape victims was 1,413 in 2019 and 732 in 2018, ASK mentioned in its annual report. The report based on media reports, was released at a virtual programme yesterday. ASK said the actual number of rape victims would be much higher as many women do not report abuse.

20. Return to normal life	Annex: 20
----------------------------------	------------------

With vaccines on the way, 2021 promises a return to normal life

People must be patient and continue to abide by the health safety rules regarding wearing masks, maintaining physical distancing, and washing hands regularly. If we can do this, better days will not be far away. Let us be optimistic and believe our aspirations for a normal life in 2021 will come true.

21. SDG	Annex: 21
----------------	------------------

i. Covid-19 and SDG 9: Strengthening infrastructure and innovation

The power of technology should be harnessed in order to improve productivity and increase the complexity of exports. An enabling environment needs to be created that will facilitate investment and support the placement of domestic producers into global value chains. These measures, inter alia, will be conducive towards recovering from Covid-19 and implementing SDG 9 in Bangladesh by 2030.

ii. Covid-19 And SDG 11: Making cities liveable

An integrated approach to urban and territorial planning that engages diverse multi-level stakeholders is necessary to design cities that are clean, compact, energy efficient, environment friendly, socially cohesive, readily accessible, climate responsive and disaster resilient. These measures need to be implemented on a priority basis, so that Bangladesh's cities can bounce back from Covid-19 stronger and be guided towards the achievement of SDG 11 by 2030.

iii. Covid-19 and SDG 13: Countering Climate Change

In the book titled "Four Years of SDGs in Bangladesh: Measuring Progress and Charting the Path Forward", which I co-authored, we call for a number of steps that need to be taken urgently in order to implement SDG 13 in the context of Bangladesh.

22. Social services contribution

Annex: 22

Social services contributes to cope with COVID-19 pandemic

Successful implementation of massive social welfare services is contributing to cope with the COVID-19 pandemic along with ensuring inclusive development on way to achieve Sustainable Development Goals. The observation came at a discussion organised by the Department of Social Services to observe the National Social Services Day-2021.

23. Homegrown nasal spray

Annex: 23

Covid Treatment: Homegrown nasal spray gives hope

A group of scientists and doctors of Bangladesh Reference Institute for Chemical Measurements and Dhaka Medical College hospital claimed they developed a nasal spray that could reduce the viral load of coronavirus.

24. Cases in village courts on decline

Annex: 24

Impact of Covid-19: Number of filing cases in village courts on decline

The rate of filing cases with the village courts in all 60 unions of the district has declined due to coronavirus outbreak, which has created obstacles to ensure justice for common people in rural areas.

25. Train communication

Annex: 25

করোনা সংক্রমণ

৯২টি লোকাল ট্রেন এখনো বন্ধ

Corona infection is somewhat declining. 92 mail, local and commuter trains have not yet been launched across the country. These trains are known as 'poor' vehicles. These trains are not likely to be launched soon.

26. What we need to do

i. Vaccine diplomacy

Annex: 26(i)

করোনাভাইরাসের মহামারি

টিকা জাতীয়তাবাদ, টিকা কূটনীতি ও টিকার বাণিজ্যমুদ্র

Initially, it imposed a ban on exports for a few days and sent vaccine by India as a goodwill gesture to neighboring countries. However, exports have since been reopened and shipped outside the subcontinent to the Americas. Exceptions have been made with the participation of third parties in the private sector in the sale of vaccines, which has not happened anywhere else.

ii. Need cooperation of all

Annex: 26(ii)

বিশেষ সাক্ষাৎকার: অধ্যাপক মীরজাদী সেরিনা

সুর্ভূতাবে টিকাদানে সবার সহযোগিতা দরকার

Professor Mirzadi Sebrina is the Additional Director General of the Department of Health and the head of the core committee on the Covid-19 vaccine. She talked about pandemic and vaccine.

‘We are now monitoring the infection situation. We are preparing ourselves accordingly. There is a tendency for the detection rate to fall below five compared to the test. From there, we are preparing to prevent the infection from spreading again’.

iii. Five urgent Questions

Annex: 26(iii)

করোনার টিকা নিয়ে পাঁচটি জরুরি প্রশ্ন

Many people have many questions about the corona vaccine. Many are skeptical. But experts have confirmed that there is no fear in the corona vaccine. Side effects are usually not so severe, but not severe. The New York Times asked readers about these issues. In the light of this, here are the answers to the five selected questions for the readers.

iv. Reopening of education institutions

Annex: 26(iv)

মতামত: শিক্ষাপ্রতিষ্ঠান খুলে দেওয়ার কথা ভাবা যায়

Although incentives have been given to the industrial and agricultural sectors to cope with the Corona crisis, the dilapidated condition of ordinary Bengali medium schools and colleges, with the exception of a handful of private sector schools in education, does not seem to be taken into account. According to a report, about two and a half thousand private schools have been closed across the country in the last 10 months. But the role of private education institutions in education cannot be ignored.

v. Better performer

Annex: 26(v)

মতামত: মহামারি

বাংলাদেশে করোনা-রাত কেটে যাচ্ছে!

The people of Bangladesh have proved once again that we have an incredible power to survive during disasters. We are not just surviving against Corona, we are doing well.

vi. Sex education

Annex: 26(vi)

মতামত: যৌনস্বাস্থ্য শিক্ষার বিষয়বস্তু কেমন হতে হবে

If sociology is made a compulsory subject for everyone, then there is no need for a separate chapter called sex education. Regular curriculum reform is needed. This need must be kept in mind in the case of Bangladesh as well.

vii. Comments on vaccination

Annex: 26(vii)

বিশেষ সাক্ষাৎকার

টিকা নেওয়ার পরও স্বাস্থ্যবিধি মানতে হবে

Multiple coronavirus vaccines have been introduced in several countries around the world, including the United Kingdom and the United States. At the government level, it has been said that vaccination is coming soon in Bangladesh. Multiple vaccines are now under discussion. Ferdousi Quadri, a senior scientist at the International Center for Diarrheal Research Bangladesh (ICDDR), spoke on the initiatives, quality and effectiveness of these vaccines.

viii. No chance of deprivation **Annex: 26(viii)**

টিকা প্রাপ্তিতে সংশয়ের কারণ নেই

Dr. Mustaq Hossain, Advisor, IEDCR said, ' The government as well as the civil society should be vigilant so that the priority people are not deprived of vaccinations and there are no irregularities in the vaccination program'.

ix. Priorities of Economy **Annex: 26(ix)**

করোনা অর্থনীতির ভাগবাটোয়ারা ঠেকাতে হবে

Will the government's goal be towards at least 40% of the people, or will it be towards increasing the fat of the lucky 5% of the rich? Whether the government will be hesitant or set goals in the public interest will depend on the Corona economy in the New Year.

x. Pandemic and Information Technology **Annex: 26(x)**

করোনার বিরুদ্ধে ফাইভ-জি ও ওয়াইফাই-সিক্স

Five-G is rapidly becoming a reality, which will have a profound effect on people's daily lives and the efficiency and capability of this technology will be used wisely in epidemic prevention, control and cure.

xi. How to reopen education institutions **Annex: 26(xi)**

সাক্ষাৎকার: ড. ছিদ্দিকুর রহমান

টিকা নিশ্চিত করে শিক্ষাপ্রতিষ্ঠান খুলুক

Dr. Siddiqur Rahman retired in 2011 as a Professor at the Institute of Education and Research, Dhaka University.

'I also think that many will fall. But the question is, how much information do we have? If the educational institutions have proper information-how many students they have, how many did not come after the reopening of the institution, according to the plan, those who did not come within a month, it is necessary to know the situation and bring back. For this, I want to have information-based preparation first.

xii. Public Health **Annex: 26(xii)**

জনস্বাস্থ্য: রুগ্নের সেবা স্বাস্থ্যসেবা নয়

I think healthcare is about educating everyone on how to prevent disease. Why do our doctors wait until they are sick?

xiii. Coronavirus detection **Annex: 26(xiii)**

অতিমারি: করোনাভাইরাস শনাক্তকরণ এবং করণীয়

The real worldwide standard molecular method for diagnosing Covid-19 is Real Time Reverse Transcription-Polymerase Chain Reaction (RT-PCR). There are several steps to follow in this test.

xiv. Vaccine production **Annex: 26(xiv)**

সাক্ষাৎকার: আবদুল মুক্তাদির
করোনার ভ্যাকসিন দেশেই উৎপাদন সম্ভব

Abdul Muktadir is the Chairman and Managing Director of Incepta Pharmaceuticals Limited. 'We think that our ability to produce vaccines. So we have already made some preparations. Our country does not have to depend on anyone else for the production capacity that we have in vaccines.'

xv. Graduation from LDC

Annex: 26(xv)

অভিमत: এলডিসি থেকে উত্তরণের সময় পেছানো যৌক্তিক

Dr. Debapriya Bhattacharya, Special Fellow, CPD; Member, UNCDP said, 'Bangladesh fulfilled all the three conditions of transition from Least Developed Countries (LDCs) to developing countries. It can be said that it was in a good position from all sides. But Covid-19 came and made everything haphazard. There are some structural problems with this. Discussions have been going on for a long time after the outbreak of Covid, whether Bangladesh should pass at this moment or not. In the end, Bangladesh has applied for an extension of two years, meaning that even if Bangladesh meets the conditions in 2021, the crossing will take place in 2026 instead of 2024. I think it makes sense'.

xvi. New form of Corona and Vaccine

Annex: 26(xvi)

করোনার নতুন ধরন প্রতিবোধে কি ভ্যাকসিন কাজ করবে?

Scientists believe that vaccines made with new technology will be able to work against this new type of corona.

xvii. Guidelines on vaccine

Annex: 26(xvii)

সাক্ষাৎকার: অমূলক আশঙ্কা না করে সবাই টিকা নিন

Vaccination against coronavirus in the country officially started on January 26. But who will get this vaccine, who should take it, rumors about the side effects of the vaccine, whether the vaccine can be protected from corona there are many such questions in people's minds. The Prime Minister's personal physician and advisor to the National Coordinating Committee on Covid-19 Professor Dr. ABM Abdullah answered several such questions.

xviii. Guidelines for cancer patients during coronavirus

Annex: 26(xviii)

করোনাকালে ক্যানসার রোগীর সতর্কতা

Dr. Arman Reza Chowdhury Consultant, Department of Oncology, Delta Hospital Limited, Dhaka presented that guideline

The second wave of the Corona epidemic has begun. Many say again, the first wave in our country is not over yet. No matter what you say, coronavirus is still a terror in our lives. This panic is multiplied if there is a patient with cancer at home.

xix. Longterm complications of corona

Annex: 26(xix)

করোনার দীর্ঘমেয়াদী জটিলতা

Dr. Rashedul Hasan Konak, Assistant Professor, Department of Medicine, Greenlife Medical College, Dhaka spoke about how to handle those complications

Although most patients with Covid-19 recover slowly within a few weeks, some people may have symptoms and complications of Covid for a long time. Many can suffer from a few weeks to a few months. This is called 'Long Covid Syndrome' in the language of medicine.

xx. Extra cost for vaccine

দুই ডলারের টিকা পাঁচ ডলারে কেন?

A dose of vaccine from the Serum Institute of India will be sold locally for 2 USD. The vaccine will be sold to the Bangladesh government at about 5 USD per dose. But why? What's the point? How ethical is this inequality in vaccine prices during a global epidemic?

B. Other Health related issues

1. Sorry state of a medical college

Annex: 1

i. Kushtia Medical College, Hospital Project: A deadline that would never end

An irate PM orders probe into delay, cost hike

Around eight years ago, the government had approved a project to establish Kushtia Medical College and Hospital between January 2012 and December 2014 at the cost of Tk 275.44 crore. The project, which was taken up without any feasibility study, witnessed only 34 percent progress till December 2019. In the meantime, its cost rose to Tk 611.08 crore.

ii. EDITORIAL: Investigate the irregularities in Kushtia Medical College and Hospital project

Follow the PM's directives

We appreciate the prime minister's direction to the authorities concerned to investigate the delay and cost hike in the Kushtia Medical College and Hospital construction project and take departmental action against those responsible. It is indeed frustrating for both the government and the public to see how many such development projects, which could make a huge difference to the people, get unnecessarily delayed with their costs escalating due to inefficiency or irregularities.

2. Senior citizens

Annex: 2

STAR HEALTHLINE

Winter care for senior citizens

For all its comfort, winter also brings with it a number of challenges. Most of these health-related risks can have undesirable effects, especially for the elderly. Here is a list of tips and best practices to help senior citizens avoid common cold and other weather-related problems this winter.

3. Majority stake in Sanofi Bangladesh

Annex: 3

Beximco to buy majority stake in Sanofi Bangladesh

The Tk 400cr transaction to be completed in 3-9 months

Beximco Pharmaceuticals is set to acquire 54.6 per cent stake in Sanofi Bangladesh for about Tk 400 crore, as it looks to expand its product base and diversify into new areas. With this, the French pharmaceuticals giant will exit Bangladesh ending its presence in the country that spans more than six decades.

4. Awareness workshop against infectious diseases

Annex: 4

Awareness workshop against infectious diseases held in Narsingdi

A daylong workshop, titled Create Awareness on COVID-19 and Dengue Disease Prevention for Journalists of Print and Electronic Media, was held at Civil Surgeon Office Auditorium in Narsingdi .

5. Dengue

Annex: 5

Dengue sees spike in Nov-Dec

7 deaths, 1,405 cases in 2020

At least 777 people caught dengue in the last two months of 2020 while a total of 1,405 people contracted the aedes mosquito-caused fever, with seven confirmed deaths from the fever, in the year. According to the Directorate General of Health Services control room, there were three suspected dengue deaths in November and December, the lean season for the disease, while there were a total of at least 12 suspected deaths from the disease in 2020.

6. Death from snakebite

Annex: 6

6,000 die from snakebite a year as denied antivenom 6 lakh bitten annually in Bangladesh

About 6 lakh people get bitten by snakes in Bangladesh annually and among them, over 6,000 people die of the bites because they are often denied anti-venom despite availability, officials said. In any scenario, anti-venom application may result in serious adverse-effects including death, making doctors subject to harassment by the relatives of the victims on the allegation of mistreatment, they said at a discussion.

7. Misuse of antibiotic

i. Six proposals

Annex: 7(i)

PM places six proposals to stop random use of antibiotics

Prime minister Sheikh Hasina stressed the need for immediate global actions to decrease careless and indiscriminate use of antibiotics to effectively fight the silently emerging antimicrobial resistance that could endanger mankind. In a recorded speech aired in the inaugural meeting of the One Health Global Leaders' Group on Anti-microbial Resistance, she placed six proposals to fight the antimicrobial resistance.

ii. Misuse of antibiotic

Annex: 7(ii)

ড্রাগ প্রতিরোধী সংক্রমণে বছরে ১০ মিলিয়নের বেশি মানুষ মারা যায়

Misuse of antibiotics kill more than 10 million people a year worldwide because they do not follow antibiotics. As this trend is more prevalent in Bangladesh, it may lead to higher mortality. By 2050, more people will die from drug-resistant infections than from cancer.

8. Grants

Annex: 8

Japan grants \$68m for Dhaka Community Hospital Trust

Japan has extended a grant of US \$68,633, approximately Tk 5.49 million, to Dhaka Community Hospital Trust. Japanese ambassador to Bangladesh Ito Naoki signed the grant contracts for Grass-roots Human Security Projects at the embassy of Japan with Omar Sharif Ibne Hasan, director of the central coordination committee of DCHT.

9. Death in negligence case

Annex: 9

Report on death in negligence case against Zafrullah on Jan 25

A Dhaka court fixed 25 January for the submission of investigation report in a case filed against six people, including Zafrullah Chowdhury, chairman of the board of trustees of the Gonoshasthaya Nagar Hospital, alleging negligent in the death of a midwife named Nasreen Akhter.

10. Prices of laboratory tests

Annex: 10

DGHS sets prices of 10 lab tests, oxygen

The Directorate General of Health Services has set prices of 10 laboratory tests and oxygen following a High Court directive. It issued a notice in the past week asking all hospitals and diagnostic centres to display the price lists in publicly visible places at the hospitals, health services director for hospitals Farid Uddin Miah told New Age.

11. Misery conditions of a Mother and Child Health care centre

Annex: 11

অ্যাঙ্কুলেটের চাকা ঘোরে না, ওষুধও থাকে না!

The service recipients are suffering when they come to the Mother and Child Welfare Center in Rajshahi. Complaints of the patient and his relatives, but after the admission of the patient have to face in various difficulties. The behavior of doctors and nurses towards the patient and his relatives are also unexpected. No medicine is given from here. Even if there is an ambulance, it is redundant.

12. New Directors

Annex: 12

স্বাস্থ্য অধিদফতরের দুই বিভাগে নতুন দুই পরিচালক

Two new professors have been appointed as directors of two important departments of the health department. They are - Professor Dr. Robed Amin and Professor. Nazmul Islam.

13. Facebook initiative for mental health

Annex: 13

মানসিক স্বাস্থ্য সুরক্ষা নিশ্চিত বাংলাদেশি প্রতিষ্ঠানের পাশে ফেসবুক

Facebook users can now easily contact the helpline to talk about mental health. Facebook has launched a joint venture with several Bangladeshi companies this month to launch some new mental health services.

14. Fake dental surgeon

Annex: 14

চিকিৎসক না হয়েও দাঁতের চিকিৎসা

Well-equipped chambers, expensive dental units, furniture are all there. But not an approved degree. Although the study race is not the highest, he has written 'Doctor' before his name and 'Degree' after his name.

15. Compensation for fire victims

Annex: 15

ইউনাইটেড হাসপাতালে অগ্নিকাণ্ড: নিহতদের চার পরিবারকে ক্ষতিপূরণ দেওয়ার নির্দেশ

The High Court has ordered to pay compensation of Tk 30 lakh to the families of four people killed in a fire at the United Hospital in Gulshan. At the same time, the court has issued a rule asking why each of the affected families will not be ordered to pay compensation of Tk 15 crore.

16. Actions against unauthorized clinics

Annex: 16

নামবিহীন ক্লিনিক সিলগালা, লাখ টাকা দণ্ড

A mobile court has sealed an unnamed illegal clinic in Jessore's Sharsha Upazila on charges of various irregularities. At the same time the clinic owner Dr. Abdul Majid has been fined one lakh rupees.

17. Forced abortion

Annex: 17

হাসপাতালের ভুলে গর্ভবতীকে জোরপূর্বক গর্ভপাতের চেষ্টা

There have been allegations of attempted forced abortion (DNC) on another pregnant woman instead of one patient. Relatives said that the condition of the victim Jiasmin Akhter (22) was critical.

18. Shortage of human resources

Annex: 18

জনবল সংকটে কুমেক হাসপাতাল

Patients are being deprived of their desired services due to prolonged manpower crisis. Although the number of beds and wards in this hospital has been increased, the manpower has not increased.

19. Patients due to cold attacked

Annex: 19

সিলেট বিভাগ: স্বাস্থ্য কমপ্লেক্সের মেঝেতে ঠাই হচ্ছে রোগীদের

শীতজনিত রোগ বাড়ছে

The incidence of cold-related diseases including diarrhea and pneumonia is increasing. The number of patients of all ages is increasing in the Upazila Health Complex every day.

হবিগঞ্জ: ঠান্ডায় হাসপাতালে বাড়ছে শিশু রোগী

Men and women and old people are also being admitted to the hospital due to cold-related diseases. Among them, the number of patients suffering from cold, shortness of breath, diarrhea, pneumonia and diarrhea is high.

রংপুর মেডিক্যাল সীতজনিত রোগে ৭ দিনে ১৭ মৃত্যু

Public life in the Rangpur region has been paralyzed by the bone-chilling winter. At the same time, various diseases including pneumonia, cold diarrhea and shortness of breath have spread widely.

20. Deputation in non exist hospital **Annex: 20**

অস্থিত্বহীন দুই হাসপাতালে ৭ চিকিৎসকের পদায়ন

১৩ বছরে নিয়োগ পেয়েছেন ২৪ চিকিৎসক

Thirteen years ago, two 20-bed hospitals were supposed to be built in Fatulla and Siddhirganj in Narayanganj, but it did not happen due to lack of land allotment. But the appointment of doctors in these two invisible hospitals has not stopped.

21. Drug rehab centre **Annex: 21**

কারাগারে 'মাদকাসক্ত নিরাময় কেন্দ্র' চালু

'Drug Addiction Treatment Centers' have been set up in all the prisons of the country to cure drug addicts. If a drug addict is arrested and sent to jail, he is sent to that center.

22. Tragedy of new born baby **Annex: 22**

জন্ম নিয়েই নির্ভুরতার বলি

According to the Child Rights Forum, the bodies of 210 newborns have been recovered in the capital in the last six years. The bodies of at least 20 newborns were recovered in the capital last December.

23. Add ambulance in emergency service **Annex: 23**

৭০০০ অ্যাম্বুল্যান্স মালিক যুক্ত হয়েছেন ৯৯৯ জরুরি সেবায়

Initiatives have been taken to provide more services to people across the country since the National Emergency Service 999. Owners of 7,000 ambulances across the country have joined the service to provide health care.

24. Savings for treatment **Annex: 24**

চিকিৎসা সেবার জন্য আয় থেকে সঞ্চয় জরুরি

If you have some money for medical services separately, some people will also be encouraged to do regular medical checkups. In many cases it will be possible to avoid possible major damage. There is no substitute for medical care for one's own physical well-being. A small portion of the monthly income needs to be saved for the medical sector to ensure this medical service is good.

Roundtable: Kalerkantho

Integrated initiatives to eradicate malaria are urgent

ম্যালেরিয়া নির্মূলে সমন্বিত উদ্যোগ জরুরি

Malaria is still prevalent in 13 districts of the country, including the three hill districts. Various activities are being carried out in this malaria prone area by government and private initiatives. Even after that, experts see many challenges in making the country malaria free by 2030.

E. Publication Overview

- Coverages of Newspapers in January 2021 were mostly focused on Coronavirus vaccine including procurement, cost of procurement, transportation and vaccination along plan and implementation. The study found 65 sub issues under vaccine related coverage of six newspapers. Still coronavirus is the predominant issue in Newspapers coverages.
- As earlier, Prothom Alo was the coverage leader in January 2021. This newspaper presented health issues in different formats- text and video both. In their regular health related coverage has daily report, special report, articles, interviews of experts, health tips, prescription and guidelines. Video presentations were live online discussion in

detail on a specific issue. They have three objectives such as raising issue for policy level discussion, awareness building and to guide people on how to handle that issue.

- Different experts' detail opinions on proper implementation of vaccination plan and encourage the people to participate in vaccination by avoiding any rumour related to this.
- Along with other issues related to coronavirus, Reopening education institutions, stimulus package for non-RMG sector and educational institutions, facilities for returnees, status of frontliners compensation (where Govt. has changed earlier decision), status of testing (less testing), SDG & Corona pandemic, graduation from LDC, human rights situation during pandemic including violence against women and TIB health related corruption index were highlighted in newspaper coverages.
- Health related government actions and impacts of those actions were presented in a Prime Minister speech. Prime Minister's has claimed that status of health services and facilities are better now and the people are getting benefits of those actions.
- Regular Periodical publish on Health Issues of Daily Star is 'Health', issues covered by this publication are *COVID-19 vaccine deployment: is Bangladesh ready yet?, Health benefits of peppermint, Eradicate lead to have a prosperous generation, Multiple mosquito blood meals accelerate malaria transmission, Vitamin D supplementation does not prevent falls in older adults, Innovation in healthcare is must to progress the health of the country, COVID-19 likely lingered longer than reported in Wuhan, Air pollution major contributor to pregnancy loss in South Asia, Specialised kidney dialysis center inaugurated in the capital, Can you learn to breathe better?, Is the new strain of Coronavirus more dangerous & contagious?, Brain boosting beverages, Addressing pandemic fatigue, Mask is must, Diet and lifestyle changes lower risk for GERD symptoms in women, COVID-19 vaccine: Facts you should know, Progress on new HIV prevention strategies announced at HIV research for prevention conference, How occupational therapists can help COVID-19 survivors, Do vaccinated people need to maintain social distancing?, Without vaccination mortality in children under five would be 45% higher in LMICs, All you need to know about lung cancer, Gut microbiome altered in COVID-19 patients, Do people infected with COVID-19 need to be vaccinated?, 12th foundation anniversary of Saaol Heart Centre Bangladesh Limited celebrated, Stable, supportive shoes better for knee osteoarthritis pain.*
- *Prothom Alo has a weekly publication on health issues, 'Pro-Shasto'. This publication has publishes issues like as ' concerns of cancer patients during corona, Women's unwanted hair problems, Aren't you infected with latent tuberculosis?, Longterm complications of corona, Prevention of new types of coronavirus, 5 precautions to prevent corona, Severe abdominal pain, Are children free from risk in Corona?, What to do in case of sudden convulsions, all about liver biopsy, Everyone should be vaccinated without any fear, 5 information on Covishield vaccine, If you have to go to the hospital during corona period and It is important to disinfect the hospital.*

- A Q& A section was in 'Pro-Shasto' for presenting experts' answers of queries of readers. Other newspapers also did same presentation in a limited scale.
- Dakatar Bari -a periodical publication of Samakal on health issues covered in January 2021 issues are *Symptoms of kidney disease, Harmful drink betel, Nutrition of coriander leaves, Treatment of heart disease, Pain in the elbow, The child's risk of heart disease, When the spinal cord is displaced, Laser for dental treatment, Annoying eczema, Walking in sleep!, Deafness from ear problems, Ear water:Uncomfortable problem, If the stomach is good, the head will be good, benefits of honey, Understand and eat vitamins, Unbearable sneezing, Pneumonia in old age, Foods contain vitamins, Bell will prevent disease, Coconut water in good health, Avoid dust, Problems with nasal polyps, Children's acidity, Food poisoning*
- Daktar Achen is a periodical publication of Kalerkantho on Health issues, covered issues are *Vaccinate without fear, Cervical cancer is preventable, Growing baby complementary foods, Baby care in the winter, If the baby's nose is closed in the cold, Coronary infections and hair loss problems, Food to prevent dehydration of the skin, Dates molasses, 'Even if you get vaccinated, you have to follow the rules of hygiene including wearing a mask, Extra dry skin care in winter, Food to prevent anemia, Home remedies for cough, Diseases of the nose, ears and throat at this time, Polycystic ovary syndrome, There are ways to lose weight this winter, Basil to prevent tonsillitis, New form of coronavirus, Asthma is caused by allergies Eat these fruits in winter, Do not exercise in winter and Kidney stones.*
- Newspapers presented different anomalies, corruption and mismanagement of different health service provider institutions in the country. Reports on scarcity of health services for addressing patients for cold attacked also. Redundant of existing facilities due to negligence was an issue of newspaper coverage in this period. People are not getting due services for manpower shortages. Medical professionals are getting non exit institutions due to these areas are nearby Dhaka.
- Issues like as Life risk related to rampant uses of Antibiotic and six proposals of Prime Minister to minimize that risk, status of snake bites and loss of life due to lack of proper treatment were available during this month. Status of Dengue prevalence and status of malaria and how to improve that situation were discussed in newspapers.
- **Many opinions have been published in January, a list opinion leaders are as follows:**
 - Md Saimum Reza Talukder teaches Cyber Law at BRAC University
 - Eresh Omar Jamal is a member of the editorial team at *The Daily Star*.
 - Manzoor Ahmed is professor emeritus at BRAC University.
 - Dr Abdul Matin, a retired nuclear engineer and a former Professor of Dr. Rashid Chair at BUET.
 - Syed Yusuf Saadat, Senior Research Associate, Centre for Policy Dialogue (CPD).
 - Kamal Ahmed, Senior Journalist
 - Professor Mirzadi Sebrina Additional Director General of the Department of Health
 - Abdul Quayum, Editor, Monthly Bigganchinta
 - Abul Momen, Writer and Journalist
 - Anisul Haq, Associate Editor and Writer

- Helal Mohiuddin, Professor, Centre for Peace Studies, Political Science and Sociology, North South University
- Ferdousi Quadri, a senior scientist at the International Center for Diarrheal Research Bangladesh (ICDDRDB)
- Dr. Mustaq Hossain, Advisor, IEDCR
- Khondakar Ibrahim Khaled, Ex Governor, Bangladesh Bank
- Birendra Nath Adhikari, ICT Specialist
- Dr. Siddiqur Rahman, Ex-Professor, Institute of Education and Research, Dhaka University.
- Ekram Kabir, Writer and Communication Specialist
- Dr. Gautam Buddha Das, Vice Chancellor, Chattogram Veterinary and Animal Sciences University
- Abdul Muktedir is the Chairman and Managing Director of Incepta Pharmaceuticals Limited
- Dr. Debapriya Bhattacharya, Special Fellow, CPD; Member, UNCDP
- Dr. Rezul Karim, Immunologist and former program manager, World Health Organization-Eutrecht Center of Excellence for Biotherapeutics Netherlands
- Professor Dr. ABM Abdullah, Prime Minister's personal physician and advisor to the National Coordinating Committee on Covid-19
- Dr. Arman Reza Chowdhury, Consultant, Department of Oncology, Delta Hospital Limited, Dhaka
- Dr. Rashedul Hasan Konak, Assistant Professor, Department of Medicine, Greenlife Medical College, Dhaka
- Dr. Ziauddin Haider, Senior Health Expert, World Bank

F. Summary Observations

Here are the major issues of Newspapers coverage in January 2021:

a) Health issues related to Covid 19

- **Vaccine and Vaccination Management**
 - Vaccination in Bangladesh kicked off
 - Availability of Single Source Vaccine
 - Suggestions for exploring multiple sources for vaccine
 - Govt. plan for step by step free vaccination for all
 - Extra cost for vaccine compare to India
 - Encourage people to participate in vaccination
 - Registration Apps and less registration for vaccine
 - Syringes procurement from local source
- **Covid Testing**
 - Covid Testing: Govt approves first locally developed kit
 - Bangladesh approves GK COVID-19 antibody kit trial
- **Frontliners**
 - About 21 percent of physicians and 6 percent of associate health workers suffer from mental anxiety
 - Uncertainty related to compensation for frontliners
- **Education**
 - Different reopening plans for educational institution

- Lesser students are available now in online class
- Need Stimulus package for education sanitations
- Reopening of education institutions is timely demand

- Highcourt directive for compensation payment to the families fire victims at the United Hospital
- Actions against unauthorized clinics
- Shortage of human resources
- Patients due to cold attacked
- Deputation in non exist hospital
- Tragedy of new born baby
 - At least 20 newborns were recovered in the capital last December
- Integrated initiatives to eradicate malaria are urgent
- **Virtual Discussion**

Prothom Alo has been conducting different virtual discussions health issues in participation of expert/s in relevant field/s

ANNEXURE

*(Links of selected published reports, features, articles,
Editorials and virtual and roundtable discussion)*

a. List of issues related to Coronavirus

1. Vaccine

i. Faster vaccine collection

সরকারের লক্ষ্য দ্রুত টিকা আনা

<https://www.prothomalo.com/bangladesh/%E0%A6%B8%E0%A6%B0%E0%A6%95%E0%A6%BE%E0%A6%B0%E0%A7%87%E0%A6%B0-%E0%A6%B2%E0%A6%95%E0%A7%8D%E0%A6%B7%E0%A7%8D%E0%A6%AF-%E0%A6%A6%E0%A7%8D%E0%A6%B0%E0%A7%81%E0%A6%A4-%E0%A6%9F%E0%A6%BF%E0%A6%95%E0%A6%BE-%E0%A6%86%E0%A6%A8%E0%A6%BE>

ii. First vaccine soldier

A nurse to get the first jab Wednesday

PM to virtually launch pilot vaccination at Kurmitola hospital; priority list not prepared yet

<https://www.thedailystar.net/frontpage/news/nurse-get-the-first-jab-wednesday-2032665>

iii. Actions for vaccine

Govt approves Covishield use

Beximco Pharma to import, deliver it to public, private bodies

<https://www.thedailystar.net/frontpage/news/govt-approves-covishield-use-2024053>

iv. Frontliners led vaccination

Frontliners lead from the front

Several ministers also take first jabs as pilot vaccination ends

<https://www.thedailystar.net/frontpage/news/frontliners-lead-the-front-2035629>

v. Vaccine deployment

Covid vaccines sent to 36 dists so far

Local health admins prepare for inoculation

<https://www.thedailystar.net/frontpage/news/covid-vaccines-sent-38-dists-so-far-2036109>

vi. Side effect of vaccine

No serious side effect

Those who took first jabs doing fine

<https://www.thedailystar.net/frontpage/news/no-serious-side-effect-2036105>

vii. Online registration

13,000 sign up for Covid-19 vaccine shots

Many say they can't register

<https://www.thedailystar.net/frontpage/news/13000-sign-covid-19-vaccine-shots-2036565>

viii. Side-effect treatment cost

Govt to pay COVID-19 vaccine side-effect treatment cost: Minister

<https://www.newagebd.net/article/127545/govt-to-pay-covid-19-vaccine-side-effect-treatment-cost-minister>

ix. Indian Export Bar

India bars Serum from exporting COVID-19 vaccines

<https://www.newagebd.net/article/126199/india-bars-serum-from-exporting-covid-19-vaccines>

x. Incomplete Consent form

দেশে করোনার টিকার সম্মতিপত্র অসম্পূর্ণ

<https://www.prothomalo.com/bangladesh/coronavirus/%E0%A6%A6%E0%A7%87%E0%A6%B6%E0%A7%87-%E0%A6%95%E0%A6%B0%E0%A7%8B%E0%A6%A8%E0%A6%BE%E0%A6%B0-%E0%A6%9F%E0%A6%BF%E0%A6%95%E0%A6%BE%E0%A6%B0-%E0%A6%B8%E0%A6%AE%E0%A7%8D%E0%A6%AE%E0%A4%E0%A6%BF%E0%A6%AA%E0%A6%A4%E0%A7%8D%E0%A6%B0-%E0%A6%85%E0%A6%B8%E0%A6%AE%E0%A7%8D%E0%A6%AA%E0%A7%82%E0%A6%B0%E0%A7%8D%E0%A6%A3>

xi. Free Vaccine

বিনামূল্যে টিকা পাবে দেশের সব মানুষ

<https://samakal.com/todays-print-edition/tp-first-page/article/210175929/%E0%A6%AC%E0%A6%BF%E0%A6%A8%E0%A6%BE%E0%A6%AE%E0%A7%82%E0%A6%B2%E0%A7%8D%E0%A6%AF%E0%A7%87-%E0%A6%9F%E0%A6%BF%E0%A6%95%E0%A6%BE-%E0%A6%AA%E0%A6%BE%E0%A6%AC%E0%A7%87-%E0%A6%A6%E0%A7%87%E0%A6%B6%E0%A7%87%E0%A6%B0-%E0%A6%B8%E0%A6%AC-%E0%A6%AE%E0%A6%BE%E0%A6%A8%E0%A7%81%E0%A6%B7>

iv. Partial Resumption

Partial Resumption of Classes: Schools, colleges asked to prepare

Govt sends guidelines to secondary educational institutions; preparations by Feb 4

<https://www.thedailystar.net/frontpage/news/partial-resumption-classes-schools-colleges-asked-prepare-2033269>

v. Reopening of Primary school

Primary schools may also reopen next month

Says state minister

<https://www.thedailystar.net/frontpage/news/primary-schools-may-also-reopen-next-month-2034421>

vi. Blueprint for school reopening

INTERNATIONAL DAY OF EDUCATION

A blueprint for school reopening and learning recovery

<https://www.thedailystar.net/opinion/news/blueprint-school-reopening-and-learning-recovery-2032713>

vii. Extended closure

Edn Institutions: Govt extends closure until Feb 14 due to pandemic

<https://www.thedailystar.net/frontpage/news/edn-institutions-govt-extends-closure-until-feb-14-due-pandemic-2036117>

viii. Decreased interest in online classes

ঢাকা বিশ্ববিদ্যালয়

অনলাইন ক্লাসে আগ্রহ কমছে শিক্ষার্থীদের

<https://www.prothomalo.com/education/higher-education/%E0%A6%85%E0%A6%A8%E0%A6%B2%E0%A6%BE%E0%A6%87%E0%A6%A8-%E0%A6%95%E0%A7%8D%E0%A6%B2%E0%A6%BE%E0%A6%B8%E0%A7%87-%E0%A6%86%E0%A6%97%E0%A7%8D%E0%A6%B0%E0%A6%B9-%E0%A6%95%E0%A6%AE%E0%A6%9B%E0%A7%87-%E0%A6%B6%E0%A6%BF%E0%A6%95%E0%A7%8D%E0%A6%B7%E0%A6%BE%E0%A6%B0%E0%A7%8D%E0%A6%A5%E0%A7%80%E0%A6%AE%E0%A7%87%E0%A6%B0>

19. Violence Against Women

Violence Against Women: 2020 worse than past two years

1,627 women raped or gang-raped amid pandemic, says ASK

<https://www.thedailystar.net/backpage/news/violence-against-women-2020-worse-past-two-years-2020525>

20. Return to normal life

With vaccines on the way, 2021 promises a return to normal life

<https://www.thedailystar.net/opinion/news/vaccines-the-way-2021-promises-return-normal-life-2020445>

21. SDG

i. Covid-19 and SDG 9: Strengthening infrastructure and innovation

Syed Yusuf Saadat is a Senior Research Associate at the Centre for Policy Dialogue (CPD).
